Diadora Jozi Cup 2023: Ready, set, go!

On the eve of the number one T20 winter community club cricket competition, I am filled with pride.

Now in its second year, the aim of the tournament is to grow the player and support base of community clubs, blending the wisdom of the old with the aspiration of today's youth, and all with the backing of the powerful Diadora brand. We believe we've got it all in this tournament – with age groups spanning from U11 through to the Veterans group which is inclusive of both boys and girls, men and women. Played throughout our Central Gauteng community club facilities, the tournament ensures that all are included and empowered to perform, increase revenue streams and grow within their community club system.

We designed this tournament to create opportunity, whilst unearthing talent and rewarding great work. A competitive, yet innovative and enjoyable format, that empowers our all-important Lions clubs to make the best use of their home ground advantage to grow supporters and boost revenue.

Furthermore, we have encouraged schools to join the clubs, thus further strengthening our pipeline and Telkom Talent Acceleration Program. At Lions Cricket, we acknowledge and are grateful for, the pivotal role that our clubs play in the success of our Pride: **This tournament is for you.**

Our clubs have thrown their weight behind this competition even beyond our wildest dreams, with 11 new clubs participating and inclusive of our all-new blind cricket division. Our Junior U11 and U13 teams can be mixed boys and girls – which also opens the competition for all those who love cricket. We're thrilled that the finals will once again be played at our iconic, smart stadium: DP World Wanderers. All of this is with tremendous thanks to our proud partners Diadora – a brand for the youth, that shares in our vision of having BIG DREAMS and Being the Best You. I am also so pleased that many of our existing Lions Cricket partners like DP World, McDonald's, Telkom, Sun International, Shattered Glass, Hot102.7FM, Afripure, Enza Construction, Beyers, Ellies, Masana, ADT, Sunfoil, Richfield and so many more have jumped on board to grow our communities and the Lions Cricket talent pool.

The finals will take place in mid-June with hundreds of matches and lots of fun before then. I trust every player will enjoy every moment while creating special memories with friends and families. Remember you are the Pride of Jozi both on field and off it so please be wonderful ambassadors for your clubs and our proud Province.

I always say that champions do not become champions when they win the event, but in the hours, weeks, months and years they spend preparing for it. The victorious performance itself is merely a demonstration of their champions' characters. Be a champion team player with a champion character remembering the word TEAM always because **T**ogether **E**veryone **A**chieves **M**ore.

Now, let's play ball!
Best wishes always,

Jono Leaf-Wright

1. THE MATCH

- 1.1 Only registered players are allowed to play in the Diadora Jozi Cup. A maximum of 14 players per side can participate in a match but only 11 are allowed to bat or bowl respectively.
- 1.2 **Veterans League Only** – we have made provision for 20 players to make up the squad, however only 14 players will be allowed to partake in the game where 11 can bat or bowl respectively.
- 1.3 Registered players are not allowed to play for more than one club regardless of whether they are playing in different divisions.
- 1.4 Registered players are allowed to play in a different division for the same Club, provided they are not playing in an age group where they would be over age.
- 1.5 Two (2) outside players may play for a club per division (i.e., players from other provinces).
- 1.6 In the Veterans League Only – the use of runners while batting will be acceptable only if a player is injured during the game. In the event of an opening batsman needing a runner from the start of the innings, the runner must be somebody who will bat lower than number 7 in the order. Once a batsman, apart from the injured striker, is dismissed or retires the dismissed or retired batsman must become a runner immediately.
- 1.7 There will be a 10 run penalty incurred for any unacceptable behaviour by parents, coaches or players and any umpire abuse. Negative parental involvement will not be tolerated in any form. Should any person choose to interfere in the tournament, the third umpire/CGL representative (LOC)/match referee reserve the right to instruct the person concerned to leave the premises immediately. Please refer to the CGL Code of Conduct and the Diadora Jozi Cup Disciplinary Addendum.

2. THE TOSS

2.1 The toss is to be completed by the reserve umpire or CGL representative at least 20 minutes before the start of the fixture. The reserve umpire/CGL representative can call the teams earlier for the toss pending the situation of the games being played.

2.1.1 Teams are to be present at the venue at least half an hour before the toss.

2.2 Teams are to provide a team list with correct player names and player shirt numbers to the standing/reserve umpire/CGL representative at the toss.

2.3 The coach/team manager must have copies of all players' birth certificates/certified ID documents on hand should the umpires/CGL representative request them. If there are any age/DOB queries, they should be raised with umpires/CGL representatives at the field.

2.4 If a team plays an over age player six points (4 points for a win + 2 bonus points) will be deducted and four points will be awarded to the opposition who will also have the fixture recorded as a win.

2.5 Punitive measures for teams arriving late:

2.5.1 If a team does not have at least nine (9) players present at the match venue at the latest time for the toss to be taken, they will forfeit the toss.

2.5.2 If a team arrives late and the start of the match is delayed due to them arriving late, their batting innings will be reduced. This will be done by calculating the number of overs lost in accordance with the actual match time that was lost.

Example:

Fifteen (15) minutes are lost:

15 minutes ÷ 3.75 minutes per over = 4 overs lost to the defaulting team in their batting innings.

2.5.3 If both teams arrive late, both teams will be penalised by the number of overs they are late for their respective innings.

2.5.4 If the defaulting team loses more than fifteen (15) overs (56,25 minutes), they will forfeit the match as they will not have sufficient time available for their batting innings to bat the minimum number of five (5) overs.

2.5.4.1 The non defaulting team will be awarded 6 points (4 points for a win + 2 bonus points).

2.5.5 In these instances, the number of overs allocated to each bowler of the non-defaulting team remains unchanged. Each bowler is still allowed a maximum of four (4) overs.

2.5.6 The powerplay overs will be adjusted according to the relevant T20 table in the CGL Playing conditions.

2.5.7 The PowerPlus overs (see Rule 6) cannot be taken in the last two overs of any innings whether the innings is shortened or not.

2.5.7.1 In the interest of fairness, should a defaulting team bat first and were not able to take their PowerPlus overs in an innings that is further reduced due to any unavoidable reason, the opposition will not be able to call the PowerPlus overs in their batting innings.

2.5.7.1.1 However, should the defaulting team call their PowerPlus overs and are bowled out before the completion of the PowerPlus overs, the opposition must take their full PowerPlus overs in their innings in the prescribed manner

2.5.8 If a team's innings is reduced due to late arrival, the run rate will be calculated on the allotted overs for a full innings (20 overs).

3. PLAYING TIMES

- 3.1 Matches will start promptly at the times listed below.
- 3.2 Please note 20 overs must be bowled with a maximum of 75 minutes per innings of a match. For each over not completed the opposition team will be awarded 10 runs to the team total.
- 3.3 Timetable of matches where a maximum of 3 matches can be played at one given venue:

Fixture	Innings	Start	End
Game 1	1	08:30	09:45
	2	09:55	11:10
Game 2	1	11:25	12:40
	2	12:50	14:05
Game 3	1	14:20	15:35
	2	15:45	17:00

3.3.1 Should only one or two matches be fixtured at a venue; the first match will still commence at 08:30am.

3.3.2 Games 2 and 3 can start as soon as the previous match has been completed granted this is within 30 minutes of the next start time. This may only be done if teams, umpires and scorers are ready to commence. If all parties are not ready, normal start times apply.

3.3.3 The fielding side shall be in position to bowl the first ball of the final over of the innings before the scheduled (75 minutes) or re-scheduled end of the innings time. This time will be calculated by the umpires and will take delays or interruptions during the match into account.

3.3.4 Losing or retrieving a ball is no reason to interrupt the game, umpires must be handed used balls at the beginning of the match. If a ball is lost it should be replaced immediately with used balls. Spare balls are to be provided by CGL. Umpires must satisfy themselves that the used ball is in a reasonable condition to continue play.

3.4 Time wasting

3.4.1 The incoming batsman must cross over with the outgoing batsman on the field of play. The incoming batter must be ready to face within 90 seconds of the wicket falling, failing which the batter will be dismissed as Timed Out (on appeal).

3.4.2 The umpires must monitor time closely and inform the fielding captain often (at least every 4 overs on 3.4.3 their over rate).

If the bowling team is penalized for slow over rate, the batting team will be awarded 10 runs per over not played.

4. THE OVER

- 4.1 An over will constitute only SIX (6) deliveries (including no balls and wides) per over.
- 4.1.1 However, if the last delivery of any over is called a “Wide”, the ball must be re-bowled. If the last delivery is called a “No Ball”, the Free Hit must be taken in the same over and be bowled by the same bowler, meaning that specific over may consist of more than 6 deliveries (Please note 4.2.1).
- 4.1.1.1 The last ball of any over needs to be a legitimate ball.
- 4.2 In the PowerPlus overs and the final over of the innings/match, SIX (6) legitimate deliveries must be bowled in each of these overs.
- 4.2.1 For u11 divisions, a maximum of 8 balls will constitute an over during the PowerPlus and final over of the innings/match regardless of how many wide/no balls are bowled. Rule 5.1 below will still apply to wides and no balls in the rest of the overs.
- 4.3 Each bowler will have a maximum of 4 overs.
- 4.4 A minimum of five (5) overs of spin bowling is required in each innings of twenty (20) overs.
- 4.5 In a reduced match the spin requirement will be reduced proportionately, as per the table below:

Length of Innings (Overs)	Spin Overs required
5	1
6 – 9	2
10 – 13	3
14 – 17	4
18 – 20	5

4.6 Umpires are to monitor and inform the batting side of how many overs of spin have been bowled.

4.6.1 Four points will be deducted if a team fails to comply with the minimum spin requirements.

4.7 Field Restrictions

4.7.1 During the Fielding Restriction Overs (first 6 overs) a maximum of two fielders shall be permitted outside this fielding restriction area (inner circle) at the instant of delivery as per normal CGL T20 playing conditions.

4.7.2 During the non-Fielding Restriction Overs, no more than 5 fielders shall be permitted outside the fielding restriction (inner circle) area. Should a team for some reason have less than eleven (11) players on the field while fielding they will still be permitted to have a maximum of five (5) fielders outside the fielding restriction area at the instance of delivery.

Example:

The fielding team only has ten (10) players on the field of play. After subtracting the bowler and wicket keeper they only have eight (8) fielders. As they are allowed to have a maximum of (five) 5 fielders outside the fielding restriction (inner circle) area, they will thus have the balance of three (3) fielders that must field inside the fielding restriction area.

5. WIDES AND NO BALLS

5.1 Wides and No Balls conceded during any over of the match will be calculated in the following way:

Wide/No Ball	RUNS	HOW TO GET TO TOTAL	TOTAL
1st Extra in the over	2 Runs	EXTRA + 1 Run	2 Runs
2nd Extra in the over	4 Runs	EXTRA + 3 Runs	4 Runs
3rd Extra in the over	6 Runs	EXTRA + 5 Runs	6 Runs
4th Extra in the over	8 Runs	EXTRA + 7 Runs	8 Runs
5th Extra in the over	10 Runs	EXTRA + 9 Runs	10 Runs
6th or more Extra in the over	12 Runs	EXTRA + 11 Runs	12 Runs

**Please note that for the purpose of this table, an “EXTRA” only refers to a WIDE or NO BALL.*

5.1.1 If the last delivery of any over is called a “Wide”, the ball must be re-bowled. If the last delivery is called a “No Ball”, the Free Hit must be taken in the same over and be bowled by the same bowler, meaning that specific over may consist of more than 6 deliveries.

5.1.1.1 The last ball of any over needs to be a legitimate ball.

5.1.2 If the last ball of an U11 match is called a No Ball outside of the PowerPlus overs, the “Free Hit” must be taken however, the over may not exceed EIGHT (8) balls.

5.1.3 The penalty for WIDES and No balls will apply to all overs in a match.

5.1.4 The penalty runs awarded per these Playing Conditions will not be penalized against the bowler but will count towards the batting team’s total.

5.1.5 All runs scored in this manner will be in addition to all other runs completed by the batsmen.

5.1.6 The strict leg side wide interpretation is in place.

5.1.6.1 For the u11 divisions umpires will apply a more lenient (normal time cricket) approach to wide interpretation.

6. POWERPLUS OVERS

6.1 Each team will have two (2) overs, namely **PowerPlus Overs (PP)**, where the following will apply:

6.1.1 Calling of PowerPlus overs

- The on-strike batsman is responsible for calling the PowerPlus overs. The request must be made to the bowler's end umpire.
- The bowling team has the option to change to a preferred bowler upon the call of the PowerPlus overs.
- Once the request has been made, the request may not be revoked.
- Umpires will signal PowerPlus overs by blowing a whistle and wearing a coloured bib. The bib will be worn for the duration of the PowerPlus overs.
- PowerPlus overs must be taken consecutively.
- These 2 overs can be taken anytime between overs 1 to 16. However, if not taken, the PowerPlus overs will automatically apply in overs 17 and 18 (unless Rule 2.5.7 has been applied).
- In any shortened innings the PowerPlus overs cannot be taken in the last two overs.
- Normal CGL T20 fielding restrictions as per the playing conditions will apply during the PowerPlus overs. (i.e., if the PowerPlus over is taken during overs 1-6, a maximum of 2 fielders are allowed outside of the inner circle, and if taken during overs 7-16 a maximum of 5 fielders will be allowed outside the inner circle).

- If the bowling team is penalized for slow over rate, the batting team will be awarded 10 runs per over not played. In the event of the PowerPlus overs not taken please refer to the following example as a reference:

Example:

16 overs completed in a full innings (without PP overs taken)

2 x PP overs = 20 runs x 2 = 40 runs

2 overs = 20 runs

Total runs awarded to the batting team = 60 runs

6.1.2 Scoring during this period

- Runs scored **OFF THE BAT** will be doubled.
 - o Runs scored in the PowerPlus period will go to the batter, however, the doubling of the runs will be recorded as team runs (penalty runs).

Example:

On strike batsman hits a boundary four - 4 runs to the batter, 4 runs to the team. Total against fielding team = 8 runs

- Extras will not be doubled during the PowerPlus overs, however, competition rules for Wides and No balls (see Rule 5) will apply.
- Loss of a wicket is minus 10 runs.

7. POINTS

7.1 Points will be awarded for the following:

- 4 points for a win
- 2 points for a tie/no result due to rain
- 0 points for a loss
- 1 bonus point for a team scoring 100 runs in their innings.
- An additional 1 bonus point for a team scoring 200 or more during their innings.
- Batting bonus points
 - 1 point for losing by less than 10 runs.
 - Should a team batting second achieve the winning total in 80% of the overs they will be awarded 1 bonus point.
 - OR should a team batting second achieve the winning total in 50% of the available overs they will be awarded 2 bonus points.
- Bowling bonus points:
 - 1 bonus point for a team achieving 8 wickets.
 - OR 2 bonus points for a team bowling out the opposition.
 - Should a team bowling second restrict the opposition to 80% or less of the required score, 1 bonus point will be awarded.

7.2 In the event of rain or an unexpected stoppage (bad light) during a match, Run Rate will be calculated and used by the standing umpires. No extra time will be allocated.

- 7.3 If a match is rained out a draw will be recorded between the two teams.
- 7.4 If there are more than 2 groups in a division, the top two (2) teams will play in a semi-final where the winner of the one group plays 2nd in the other group. If there is one group in a division, the top 4 teams will play the semi-finals, where the team finishing 1st plays 4th, 2nd plays 3rd.
- 7.5 In the event of a tie in the round robin stage, the game will be recorded as a draw. However, in the semi-final and final, a tie will be decided by a super over to declare a winner of the match.
- 7.5.1 The super over will constitute 6 legitimate balls.
- 7.5.2 Rule 5 (Wides and No Balls) will still apply.
- 7.6 If teams finish on equal points following the round robin stage, promotion to the semi-finals or finals will be determined in the following order of priority:
- Net run rate
 - The number of wins
 - The number of losses
 - The team with the most match points
 - The team with the most bonus points
 - The result(s) of the fixture(s) involving the two sides in the round robin stage

DIADORA JOZI CUP DISCIPLINARY SYSTEM 2023

Maintaining and managing discipline in any cricket game is important. Not only does it enhance the traditions and values of the game, but it also results in the game being played in a fair manner.

With the number of matches taking place during Diadora Jozi Cup and the fast pace of the format, there is little time to move through the standard CGL Disciplinary process.

With the above in mind, the CGL Disciplinary Carding system that is in place for CGL Premier league cricket will be utilised for the duration of the Diadora Jozi Cup. This will ensure real-time action is taken. The Diadora Jozi Cup Disciplinary System will only be utilised for Premier Ladies, Premier Blue, Premier Yellow, Senior Men's Open and Veterans leagues.

It must be noted that the Diadora Jozi Cup Disciplinary Carding System is for on-field Code of Conduct breaches only. Off-field incidents are to be reported to the existing CGL Disciplinary Committee in terms of the CGL Code of Conduct.

The Diadora Jozi Cup Disciplinary System serves as an addendum to the CGL Code of Conduct.

The Diadora Jozi Cup Disciplinary System will comprise of three (3) cards; green, yellow and red. The below dictates how and when each card will be issued.

1. GREEN CARD (Caution)

A green card is issued as a caution to the following:

- 1.1 General swearing/unacceptable language only audible on-field.
- 1.2 Showing dissent towards an umpire's decision by word or action.
- 1.3 Disregarding an umpire's match related instruction or request.
- 1.4 Engaging in verbal contact with an opponent that could bring game into disrepute but may not be clearly audible to at least one of the umpires.

The issuing of a green card is intended to serve as a preventative measure to diffuse any potentially volatile, or situations of conflict, from escalating.

Once a green card is shown for any of the above transgressions, it will serve as a caution to that particular player as well as to the rest of that team for the remainder of that innings.

2. YELLOW CARD:

A yellow card will be issued for the following:

- 2.1 Receiving a second green card for the same type of offense (even though it may not be the same player if the first green card has been issued as a team caution).
- 2.2 Showing serious dissent at an umpire's decision.
- 2.3 Loud swearing/unacceptable language audible by spectators off the field of play.
- 2.4 Swearing/ unacceptable language directly at a fellow participant or umpire.
- 2.5 Giving an extreme "send-off" to a batsman upon dismissal either by gesture, verbal comment or both.
- 2.6 Making obscene gestures directed at a fellow participant or an umpire.
- 2.7 Making of verbally abusive comments of a personal nature to or about a fellow participant or umpire.
- 2.8 Abuse of cricket or ground equipment (on the field incidents only).
- 2.9 Inappropriate and deliberate physical contact between players in the course of play.
- 2.10 Charging or advancing towards the umpire in an aggressive manner.
- 2.11 Throwing the ball at or near a PARTICIPANT (defined in CGL Code of Conduct) in an inappropriate and/or dangerous manner.

Sanction for receiving a yellow card when batting:

- a. If a batsman of the team batting first receives a yellow card after having been dismissed, that player will not be allowed to field for the first two (2) overs at the start of the innings of the team batting second.
- b. If a batsman of the team batting second is out and has already fielded (for clarification: his/her match is over and has no further role to play in the match) 10 penalty runs to be awarded the opposing/fielding team.
- c. If the batsman is not out (still batting), the player is sent off immediately and the next available batsmen must replace the suspended player. The suspended batsman can only return to the field of play at the fall of a wicket/another batsman retiring or being suspended (to be carried over into fielding innings if applicable). If a batsman cannot complete his/her innings due to such suspension, his/her innings to be recorded as “Retired Out”.

Sanction for receiving a yellow card when fielding:

- a. The fielder is sent off for the remainder of the over and two overs thereafter. The suspended fielder can only return at the start of the third over following suspension (to be carried over into batting innings if applicable).
- i. If fielding second and less than two overs remain in the innings, five (5) penalty runs will be awarded the opposing side per over remaining in that innings or part thereof.
 - a. No substitute fielder is allowed for the suspended player during the period of suspension.
 - b. The returning player can bowl immediately after the over in progress has been completed.
 - c. If the wicketkeeper is suspended a substitute wicketkeeper will be allowed. However, in this instance the fielding Captain must nominate another fielder to leave the field of play for the period of suspension (this particular fielder's period of absence from the field of play will not be regarded as a suspension to him/her but to the wicketkeeper).

The issuing of a yellow card needs to be reported to the CGL Disciplinary Committee for purposes of record keeping, and possible disciplinary action. This is to be noted on the match card and included in the umpires after match report.

3. RED CARD:

A red card will be issued for the following:

- 3.1 Deliberate serious/severe physical contact with an opponent or umpire.
- 3.2 Any threat of assault or physical harm to an opponent or umpire, either by word or action.
- 3.3 Using language or a gesture that offends, insults, humiliates, intimidates, threatens, disparages, or vilifies another person on the basis of that person's race, religion, gender, colour, descent, national or ethnic origin.
- 3.4 Any team member that receives a 2nd yellow card in the same match.
- 3.5 Upon any member of the same team receiving a 2nd yellow card in the same match where team received 2nd yellow card.

Sanction for receiving a red card when batting:

- a. If a batsman of the team batting first receives a red card after being dismissed, the player is sent off for the rest of the match and will not be allowed to field – no penalty runs awarded to opposition.
- b. If a batsman of the team batting second is dismissed and has already fielded (for clarification: his/her match is completed and has no further role to play in the match) 10 penalty runs to be awarded the opposing team.
- c. If a batsman of the team batting first receives a red card while his innings is in progress, the player is sent off for the rest of the match and will not be allowed to field – no penalty runs awarded. The innings of such a batsman will be recorded as “Retired Out”.
- d. If a batsman of the team batting second receives a red card while his innings is still in progress, the player is suspended for the rest of the match. 10 Penalty runs to be awarded to the opposing team. The innings of such a batsman will be recorded as “Retired Out”.
- e. The umpire needs to report the matter whereafter a formal disciplinary process will follow.

Sanction for receiving a red card when fielding:

- a. Player is sent off (suspended) for the rest of the match.
- b. The umpire needs to report the matter where after a formal disciplinary process will follow.

Process following receiving a red card:

Any red card sanction is to be reported to the Tournament Director immediately by the match referee/third umpire/Lions LOC representative. The CGL Disciplinary committee will be informed and any further sanctioning will occur in real-time. The sanction is still to be noted on the match card and in the umpires after match report.

- a. The red card sanction applies to the game currently being played. The CGL Disciplinary Committee will inform the sanctioned player if the sanction (not allowed to play) is to be followed through to the player's next match.
- b. Should the sanction apply to a following match, this affects the sanctioned player and not the team.
- c. A player can appeal the sanction but this needs to be done in real-time and according to the CGL Code of Conduct. The CGL Disciplinary Committee will decide in real-time based on the findings.

4. GENERAL:

- 4.1 If the player refuses to leave the field after receiving a yellow or red card, the Laws of Cricket (2017 Code 3rd Edition-2022) insofar as a team refusing to play will apply (Law 16.3: Awarding of the match to the opposing team).
- 4.2 If the same player receives a 2nd yellow card within a tournament, a disciplinary hearing will be held, resulting in possible suspension of the player as per the applicable Code of Conduct.
- 4.3 If a batsman is sent off the field and there are no new batsman remaining to come in, the innings is completed.
- 4.4. In any event of a yellow or red card being issued to a player the matter must be reported to the Disciplinary Committee who may decide to hold a formal disciplinary hearing, if they as Disciplinary Committee are of the opinion that a more serious sanction should be imposed following a guilty verdict.
- 4.5 Any referral in this document referring to him/his includes players, participants (as defined in the CGL Code of Conduct) and officials of all sexes.
- 4.6 When a player receives a red card, he/she may not be replaced by another player from the nominated 14 players for the remainder of the affected match. In this instance the team will only field or bat with ten (10) players.
 - 4.6.1 If the CGL Disciplinary Committee sanctions the player for any matches thereafter it does not affect the team.
